True Economy

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cost many times this in doctors' bills.

Royal Baking Powder may cost a little more per can, but it insures perfect, wholesome food. In fact, it is more economical in the end, because it goes further in leavening and never spoils the food.

Royal Baking Powder used always in making the biscuit and cake saves both health and money.

You cannot, if you value good health, afford to use cheap, low-grade, alum baking powders. They are apt to spoil the food; they do endanger the health. All physicians will tell you that alum in food is poisonous.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK

Working Men's Clothing For Hot Weather.
Many people think that working men's clothing are never made to fit—that it is not necessary for them to fit—that they are only made to be serviceable. We believe the laboring man's working clothes should be as nice fitting and comfortable as any one's and in our buying we keep this in mind.
Our stock of perfect made working clothes, such as Overall Jackets and Pants and Shirts, comprises extra long, extra short and extra sizes and we can fit all shaped men.
